

San Diego Hotel,  
Guanajuato

## PROTOCOL HYGIENE AND SANITIZATION

For **San Diego Hotel**, the safety of our guests, collaborators and suppliers is the most important thing, for this reason we have implemented mandatory safety regulations that avoid risks of contagion and guarantee certainty of hygiene.

- We have proximity cards in all our **Rooms** (only the guest will be the bearer of their key and no one else will have contact with it).
- **Sanitized** rooms, as well as cleaning of general areas with hospital grade products. **Your health is the most important thing for us**, for this reason we use the best products to sanitize.
- Thorough cleaning of all high-touch surfaces, hallways, floors, tables, dampers, handles, bureaus, beds, bathroom, and shower.
- **Mobile Check In**. You can register from your smartphone.
- 70% Alcohol **Gel** in **ALL** areas of the Hotel.
- We have **The Best Location in Guanajuato** so you will not need to get transportation since everything is very close to the Hotel and while you are staying you can make requests to our whatsapp from your cell phone, so as not to have further contact.
- All our team is certified

We wish you a **Happy Stay**
